## **Our Remuneration and Other Benefits We Receive**

### **Fees and Charges**

We do not charge you a fee for providing you with financial product advice or issuing you with our own deposit accounts.

However, if we provide you with a product or service, you may have to pay us fees and charges such as transaction fees, cheque book fees and card fees. Details of all our fees and charges in relation to our regulated products are set out in our *Fees & Charges* booklet.

### **Insurance products**

- When we issue or arrange for the issue of insurance policies for you, we receive commissions from the insurer. These range between 5% and 30% and are applicable to each insurance policy sold by us. The commission is calculated as a percentage of the premium (before any GST, stamp duty, and any other

government charges, fees or levies) applicable to the policy that is sold.

- Where we previously had a relationship with an insurer for which we no longer act, we may continue to receive trailing commission for policies sold under that previous arrangement. Trailing commission applies only in respect of policies that remain in force. Commission we may receive is in the range of 5% to 30% and is calculated as a percentage of the premium (before any GST, stamp duty and any other government charges, fees or levies) applicable to the policy.
- If a referral we have made to an insurer with which we have a referral arrangement results in a policy being issued, we will receive a commission from the insurer of up to 20% of the premium.
- If an insurance policy is issued to you by or on behalf of one of our associated insurers, you will have to pay a premium or premiums to the insurer, details of which are set out in the policy schedule that forms part of the PDS for those products.
- We may also receive a Profit Share payment from Allianz Australia Insurance. This is based on technical formulae involving the overall profitability of eligible products in our insurance portfolio with Allianz. These include Home, Motor, Caravan, Trailer and Landlord's insurance products. Profitability means the premium received for the portfolio less the cost of claims, commission and operating expenses. It is calculated on an annual basis and does not involve extra cost to policy holders.

### **Foreign Currency**

- If we arrange foreign currency bank note conversion for you (buying or selling) through our agreement with Travelex Limited, we may receive commission of \$7 per currency or up to 1.1% of total AUD conversion amount. In addition, Travelex Limited pays us a commission based on aggregate revenue they receive from these services provided.
- Services offered through WUBS, including ordering and repurchasing Drafts and Telegraphic Transfers, may result in us receiving 25% of the revenue for the provision of services.
- If we arrange and issue you with a Cash Passport through our agreement with Mastercard Prepaid Management Services Australia Pty Ltd we may receive a commission rate of 1% on the load or reload amount. The minimum amount we receive for loading a card is \$10. We may receive further commission from Mastercard Prepaid Management Services Australia Pty Ltd as a percentage of total sales.
